Manufacturer of Moulded Pulps

SPECIMEN CUP 300ML

Eco-Friendly Medical Pulp

Made from
BIODEGRADABLE
Sugarcane Bagasse

Designed for Single Use to
Reduce Risk of Infection

The Food Grade Specimen Cup with 300ml rated capacity is made from eco-friendly biodegradable sugarcane bagasse, intended for use as a multi-purpose cup. It is designed with smooth inner finishing and meshed outer surface for extra grip.

Manufactured as single-use disposable medical pulp to meet the requirement to hold water and/or human waste for a minimum period of four hours at an initial temperature of 35°C. Suitable for disposal into macerator which complies with PAS29:1999 "Disposable Pulp For Use in Healthcare".

Features

- Ideal for urine or solution sample
- Able to retain water for at least 4 hours
- Non-sterile, single use cup
- Meshed outer surface for better grip
- Made from sugarcane bagasse
- Biodegradable and compostable
- Can be disposed into macerator
- Manufactured in accordance with:
 - EU Regulation No. 1935/2004
Materials intended to come into contact with food
 - US FDA 21 CFR 176.170
Components of paper and paperboard in contact with aqueous and fatty foods.
